Summer Internship Opportunity

Background:

Mentor Graphics[®] (NASDAQ: MENT)^{*} is a technology leader in electronic design automation (EDA), providing software and hardware design solutions that enable companies to develop better electronic products faster and more cost-effectively. Mentor Graphics consulting team provides consultation services in various areas in the IC Design flow. Our customers include top tier IC design and fabrication houses across the world.

Job Description:

Mentor Graphics Consulting Division is currently having two open positions for interns during summer 2008. The interns will have the chance to participate in a promising R&D project. The interns will also have the chance to work closely with our team in a friendly, yet professional, environment that allows efficient exchange of knowledge.

Job Requirements:

The expected candidates should have the following qualifications:

- Registered student in the third year of computer/electronic engineering
- Minimum cumulative grade of Very Good (GPA 3.5 or higher)
- Strong background in digital design and computer architecture through proven course work
- Strong background in C++
- Excellent command of English
- Working knowledge with UNIX based systems is a plus

Application:

Please send your CV to ahmed_farid@mentor.com, with subject (MCD: Internship 2008)
